

SOUTH CAROLINA SAFETY AWARDS

★ Application Deadline - Friday, February 5, 2010 ★

The Safety, Health and Security Committee of the South Carolina Chamber of Commerce will honor South Carolina Chamber members who had a successful safety record in 2009. This program is designed to recognize companies and their employees who have had a commendable Lost Workday Case Rate during the 2008 calendar year. For multi-location employers, each site is considered a separate establishment and there should be a separate application form for each location.

Also, if you achieved 1,000,000 safe work hours without a lost time accident during calendar year 2009, you might qualify for recognition from the South Carolina Department of Labor, Licensing and Regulation. Please email Teresa Higgins at higginst@llr.sc.gov for more information on that program.

The deadline to apply is **Friday, February 5, 2010**. Please take a few minutes to complete and return the entry form. Applications are also available on the South Carolina Chamber website (www.scchamber.net). If you have any questions, please contact Carolyn Tupper at the South Carolina Chamber at (803)799-4601 or carolyn.tupper@scchamber.net.

Company Name: _____

Site/Plant Name and City Location: _____

Mailing Address: _____

City/State/Zip Code: _____

Phone: _____ Fax: _____

1. Did you have any job related fatalities in 2009? _____ Yes _____ No
