KEVIN CHIN

Founder and Managing
Director of Arowana & Co

The implementation of the Rockefeller Habits (RH) has had a profound impact on Arowana & Co. We have grown from \$40m to nearly \$500m in group enterprise value with virtually zero debt and despite the global financial crisis. \$350m has come post implementation of the Rockefeller Habits in our business almost 3 years ago. Our BHAG now is how do we grow 10 fold again from \$500m over the next 10 years and with this in mind, we have commenced our expansion internationally. Without the discipline of RH, I think the BHAG is a pipe dream.
