## HEALTH CARE FORUM: Transforming Healthcare in South Carolina Summit May 20, 2014 DoubleTree by Hilton, Columbia, SC

Presented by:

Health care is one of the most complex issues facing businesses and the second highest expenditure for businesses after payroll. Now, more than ever before, it is important for businesses to be engaged and lead in the changing marketplace. On May 20 at the DoubleTree by Hilton, the Health Care Forum, presented by Pfizer, Inc., will highlight a variety of health care and business experts who will share their knowledge, innovations, successes and lessons learned. They will examine the current direction and pace of health care reform and transformation. View a tentative agenda.

A number of tools are evolving to help employers create a healthy, productive workforce and provide a more attractive environment to employees. Building on the success of last year's event, the forum will focus on controlling health care costs, improving care quality and using the health sector and healthy workers to drive economic development.

---
